

Services provided by Department:

1. Small savings plays a vital role in assisting people in generating a habit of savings. Small Saving Schemes not only helps people in creating a habit of saving, but also provides Self-employment opportunity in the form of agents to more than 10000 people under the state department. Indian Government divert the Net collection of small savings made during financial year to State in terms of **Soft Term** loans. This loan is used for welfare and prosperity of the state people.
2. The department gives employment to educated boys and girls to eradicate unemployment by allocating small saving agency.
3. Agents work for raising awareness regarding small saving schemes for people sitting at their home so that a common man can get immense benefit of the scheme run by the ministry under the Government of India.
4. If people face any difficulties in depositing or transacting money in Post Offices and Banks then district offices of small saving department helps to solve those problems.
