CHAPTER I

SEMESTER SYSTEM AND SEMESTER RULES

Introduction

The semester system of education was introduced in this University from the academic year 1988-89. In this system, the annual centralized examinations are substituted by the teaching of subjects spread over a period of 21 weeks, called a semester. It is the teacher who grades his students on the result of various tests and assignments. This system inculcates the habits of punctuality and hard work among the students and reduces the percentage of failures in the examinations, as it divides the courses of study into smaller units which can be cleared by the students during a semester. At the end of semester, semester reports indicating the performance of the students are prepared by the Registrar's office for distribution to the students, Deans and the Advisors concerned. A copy of the semester report is also sent to the parents of the students at the end of each semester.

SEMESTER RULES

1.1 The academic year shall ordinarily be from July to June. It shall be divided into two semesters of 21 weeks each. There will be a summer session for graduating students. The students can register for a credit course of maximum 4 credit hours during summer session. The courses will be offered on the request of the graduating student(s) and if offered, can be registered by the other students also. The semester calendar for each academic year shall be issued by the Registrar's office during the second semester of the previous year.

He/she will also help in determining the credit load which the student can safely and conveniently carry in each semester and advise him/her regarding addition or withdrawal of courses. Students are expected to attend regularly advisory group meetings and keep constantly in touch with their advisors so that the advisor may watch their progress and guide them along right lines. Where an advisor finds that his student is not making adequate progress in a certain course, he/she may ask him/her to withdraw that course. The advisory group meeting in all the colleges shall be fixed on the same day and at the same time.

Within these, the research problems of individual students be finalized by a committee consisting of Major Advisor, Head of Department, the Chairman of the Research Committee of the Department alongwith the Advisory Committee of the student.
